Correction Form

If you received a score below 70% on an assignment turned in on time, test or quiz, a correction form can be filled out. ALL original paperwork must be stapled to the correction form. You will receive ½ point for each correction that you make (up to a score of 75%). The following is an example of a mistake and a correction. You **MUST** correct your "learning opportunities" (mistakes) using the following format.

Example

A banana is azul.
