Items Discussed

Donor Reception. We are planning for 20 people. It will be held at the parish house. Duties were assigned as to who would bring food and all the paper products needed. This was being held before the spring concert as a thank you to all who helped the school within the year.

Principals Report. Nancy will be sending out enrollment figures next week. We were given a calendar of events from now to the end of the year. We received a preliminary report on the accreditation. They will

issue a final summary in June. They identified 5 areas of strength and 5 challenges. Information on this will be included in the school newsletter. Sac is charged with developing a long-range financial plan for the school for next year. This will include involving the parish council and finance committees as well.
