Nancy Ronhovde led the group in prayer.

Items Discussed

Principals Report. The enrollment for next year is now at 200. Right in line with this year so far. Preschool numbers are up. This is due in large part to the new programs. Letters to teachers are being given out this week. We have finished the first round of interviews for the Tech position. Still working on the phyed spot. May is a busy month, many events are scheduled between now and the end of the year. It was noted that our Buddy family event that was in May last year will now be held in the fall. A report was given on Spring Fling and a short

discussion was held about possible venues for next year. It was also noted that our fundraisers would be changed for next year. We will try to merge some events in an effort to have fewer times where we ask for money. SAC will also be putting together a survey before the end of the year to get feedback from parents as to how the school is doing. We are looking for positive and negative comments in order to see what we can change and improve.
