

Below you will find a new form for GA parishioner families. This form comes from the parish office and has been explained to us in this way: Even though we are a church, there is a business element to our organization. Our "investors" are all the parishioners who contribute financially to our mission, our church. We have a responsibility to use that money wisely. Tom Green, the Director of Finance and Administration, reviews all the expenses of the church, as well as Father Paul. The parishioner grant is a considerable expense of the church. Tom and Fr. Paul will be reviewing these forms so that they will be able to assure parishioners, our investors, that their money has been put to good use in helping GA families give their children the quality Catholic education the school provides.
